## Werner and Ina Veil Caregiving Scholarship 2024/ 2025/ 2026/ 2027 (circle year applied)

Werner and Ina Veil were long-time residents in the area and both served the school district for many years, Werner as a math teacher and elementary principal and Ina as a para-professional. They raised four children in the communities of Forman, Cogswell and Havana, were active in community and church activities, and were loved by many. In their later years they each benefited from the expertise and kindnesses shown by caregivers. Their family wishes to honor their journeys by granting a graduating senior \$500 toward their pursuit of caregiving, be it nursing or a related field. Preferences given to need, references, essay describing goals over academic achievement, as Werner and Ina valued all learners.
